The Trails

Trail 1 – The Fugitives' Trail

10km

This route follows the flight of the fugitives; the few British survivors of the battle of Isandlwana. The trail picks its way through 10km of dramatic country, characterized by exquisite views over the rugged mountains of Zululand. You will cross the Buffalo River at the Fugitives' Drift, and on your way back to the Lodge will pass the graves of Lieutenants Melvill and Coghill VC.

Trail 2 – Fugitives' Drift Scenic Run

10km / 22km

The full trail run takes you on a scenic route around part of the Fugitives' Drift 2500ha property. A distance of 22km (15 miles) was chosen, as this was the average distance that British soldiers were expected to be able to march in a day during the Anglo-Zulu War. The route is challenging as 'flat' is a relative term in this part of the world. This trail is characterized by sweeping views over the game reserve and the Buffalo river gorge. Feel free to stop and take in the beauty of the surroundings, and keep a look out for the zebra and giraffe! For those who do not want to run the full 22km, there is a 10km option. We also are fully supportive of those who would like to walk some of it!
